WELCOME

BE A PART OF  
**Something Extraordinary—**  
*the D.C. Everest Area School District*

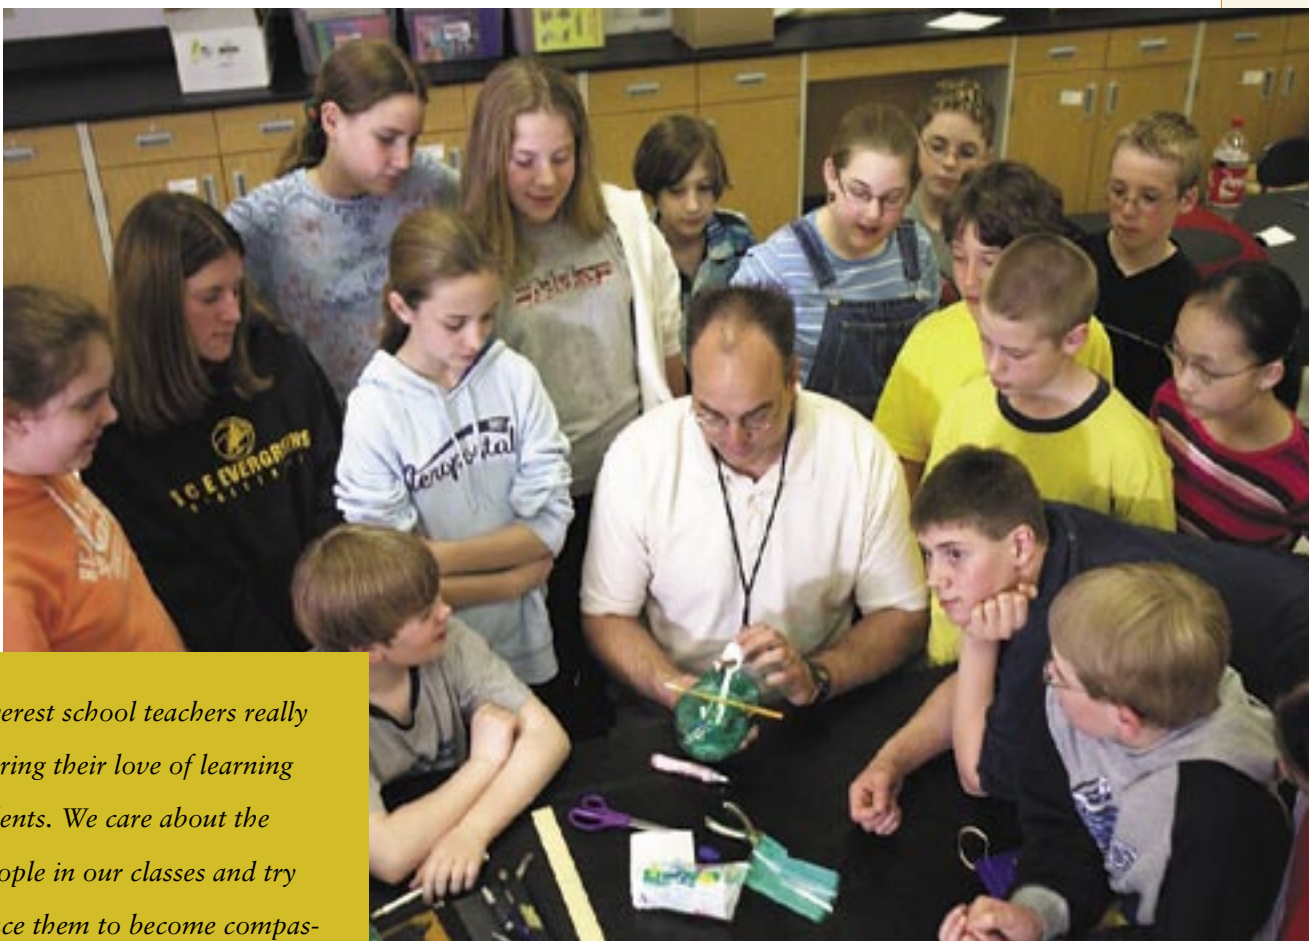

*D.C. Everest Area School District is an EXTRAORDINARY place to prepare your child for the future. We're supported by a vibrant, growing community that stands solidly behind our schools to create a stimulating, caring, and safe environment. Together, we are investing time and resources to nurture creative, responsible, and successful students.*

*It's a partnership that brings out the best in all of us. Come and visit us soon!*

—Dr. Kristine Gilmore, D.C. Everest Superintendent

*WELCOME*

EXCEPTIONAL TEACHERS & STAFF

*“D.C. Everest school teachers really enjoy sharing their love of learning with students. We care about the young people in our classes and try to influence them to become compassionate, responsible individuals ready to make a positive difference.”*

– Lori Bychinski, English Teacher, D.C. Everest Junior High

# Exceptional Teachers & Staff

Our dedicated teachers and staff are some of the best in the nation. Many are national award winners. They are enthusiastic, accomplished educators with the know-how to engage students in learning.

*“My classroom technique is to make it real. Students learn best when they’re involved in science activities they can relate to.”*

– D. J. Huddleson, Everest Senior High science teacher, Radio Shack National Teacher Award winner

# Our Students Shine...

D.C. Everest students are encouraged, in all levels of their education, to have a strong sense of purpose and direction. Historically, they rank higher than the state average on achievement tests and consistently rank as one of the top schools in the Wisconsin Valley Conference. Gifted and Talented programming is offered at all grade levels.

Our students excel in reading, mathematics, business, agriculture, science, social studies and language arts, art, music, drama and athletics. History, marketing, choral and instrumental music, business, science and math students have achieved state and national honors for their work including the development of the celebrated book, *World War II: Stories from our Veterans.*

*“The D.C. Everest School District was an essential building block for my base as a business owner. Those building blocks were skills learned from the quality educational system and the drive and determination that were developed through the athletic programs. I live and have established our business in the D.C. Everest District so that my children and the employees of Applied Laser Technologies can take advantage of the qualities the school district can provide.”*

– Chris Osswald, Partner, Applied Laser Technologies, LLP

*“Two years ago I graduated from U.W.-Madison with a degree in engineering. I credit my teachers and Advanced Placement courses at D.C. Everest for preparing me to excel at UW-Madison. Now I work for a global Fortune 500 company.”*

– Brook Rucinski, Engineer, Fairbanks Morse Engine, Beloit WI

OUR STUDENTS SHINE...

In the fall the freshman, sophomore, and junior/senior bands combine to make up the marching and pep band. We have a high school orchestra, choir, chamber choir, women’s choir and an elite group of female singers called the *SongspINNERS* who make frequent public appearances.

Students are recognized for academic accomplishments and volunteerism in the Renaissance Program, academic letter program, National Honor Society, and local scholarship program.

Student response to this rich learning environment is evident through daily attendance and graduation rates that reach almost 100%. Most of our graduates make plans to attend a four year college.

*“The D.C. Everest School District provided a competitive academic environment that prepared me for the challenges of post high school education and life itself. The teachers at D.C. Everest taught me the study skills that assisted me throughout my education. Additionally, the educators instructed in a way that fostered a desire for additional knowledge and education.”*

– Jessica Tlusty, Attorney, Tlusty, Hittner, Kennedy & Freeburg, S.C., Schofield, WI

# Broad Range of Academic Opportunities

Offering our students a broad range of academic choices increases their passion for learning, advances knowledge, and helps students identify strengths.

KINDERGARTEN TO GRADUATION  
D.C. EVEREST:

- Emphasizes fundamental academic skills and basic knowledge to ensure that students receive the maximum educational development.
- Enhances student work with age appropriate technology and learning tools.
- Offers abundant opportunities to develop your child's interests and abilities.
- Promotes healthy physical, mental and emotional development.
- Provides inclusive services for children with disabilities, small group resources and individual programming.

*"Parents are a key part of our team and their participation is always welcome."*

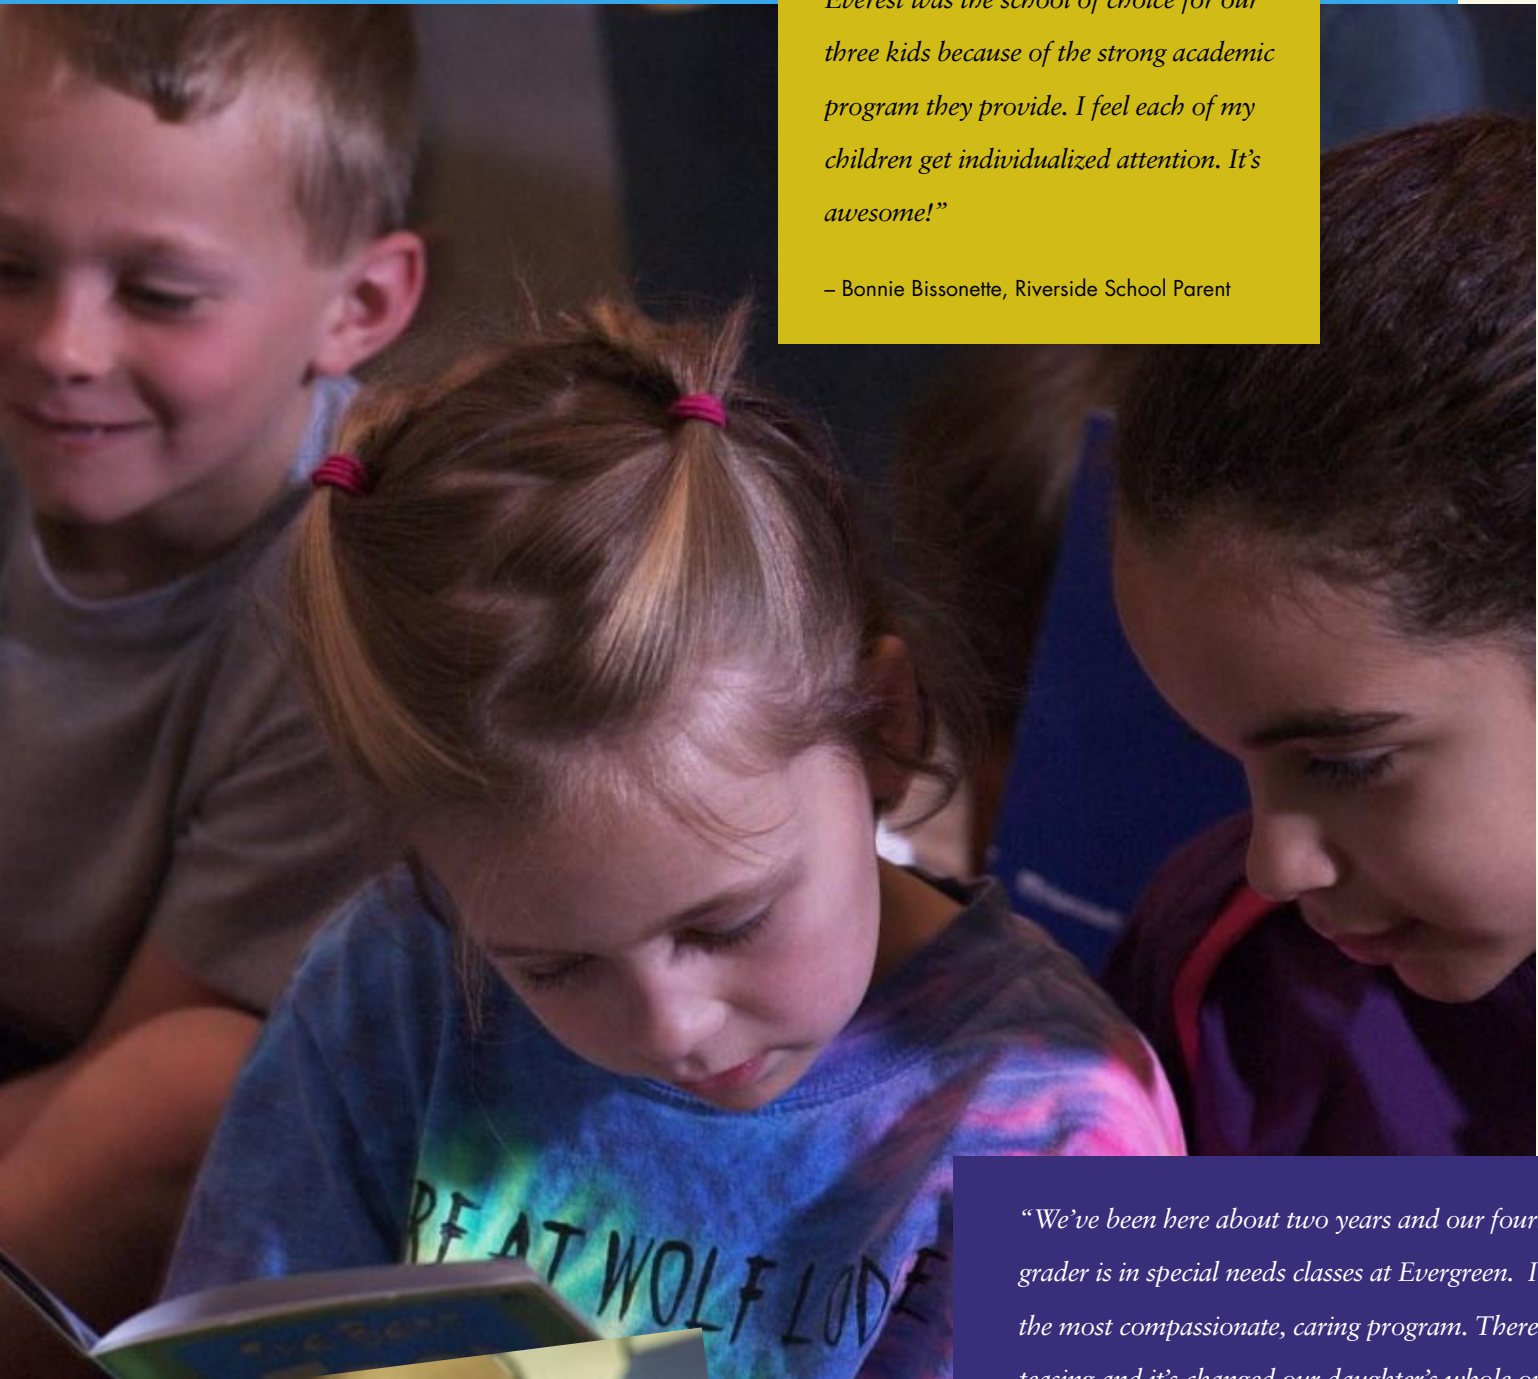

– Julie Fondell, D.C. Everest Middle School Principal

*“We moved here 2 1/2 years ago and D.C. Everest was the school of choice for our three kids because of the strong academic program they provide. I feel each of my children get individualized attention. It’s awesome!”*

– Bonnie Bissonette, Riverside School Parent

**BROAD RANGE OF ACADEMIC OPPORTUNITIES**

*“We’ve been here about two years and our fourth grader is in special needs classes at Evergreen. It’s the most compassionate, caring program. There’s no teasing and it’s changed our daughter’s whole outlook. She loves school. I just can’t say enough, we’re so glad we moved here!”*

– Pam & Mike Johnson, Evergreen School Parents

## *Co-Curriculars Mix Fun With Learning!*

D.C. Everest co-curriculars offer students endless opportunities to explore their interests—often turning fun into potential careers or lifelong hobbies.

Spelling bees, field trips, and camping at the Twin Oaks Environmental Center are just a few of our elementary student favorites.

Sports activities like basketball, gymnastics, baseball, football, wrestling, cross country skiing, soccer, swimming, and track among

others bring together students, parents, and the community throughout the school year to cheer on our athletes.

Every year a musical, 3-act play and variety show are performed bringing rave reviews from the community. D.C. Everest musicals are considered to be some of the areas best in Central Wisconsin, and students have the opportunity to participate as early as 6th grade.

Club activities cover an expansive list of topics including: Homework Club, foreign language

clubs, dancing, cooking and drama clubs, MATHCOUNTS, Science Olympiad, Student Council, Key Club, Computer Team, Outdoor Adventure Club, DECA, Math Team, FBLA and so much more.

CO-CURRICULARS MIX FUN WITH LEARNING!

# *Facilities Enhance Learning:*

D.C. Everest is a cost effective and accountable school district. Our safe, clean, and attractive schools serve the needs of both the students and the community. Just about

any week you'll find a host of events in our schools. In the summer our school grounds are buzzing with team sports for children of all ages.

---

*Ask most people in this community where they're from and they'll say,  
"We're in the Everest District."*
