# Cardio Cardinals

Each year in PE, students in grades 3-5 run the PACER test, which tests for cardiovascular endurance. Each student tries to reach the “Healthy Fitness Zone” for the number of laps completed. We emphasize trying to improve our score from a previous test, even by just one lap. The following students in grades 4-5 improved their PACER test score from last Spring. The number next to their name indicates how many laps they have improved. Our next PACER test will be in December, when the third graders will also have the chance to improve upon their previous score. Way to go Cardio Cardinals!
